About this Home

This three-story townhome includes three bedrooms, two-and-one-half bathrooms, and a one-car garage. The porch and garage entrances lead to a bonus room with an optional fireplace and patio, that can be converted into a guest bedroom, featuring a full bathroom. The garage entrance offers an optional bench and cubby or organizational cabinet. The first flight of stairs leads to the open concept kitchen with optional deck, eat-in area and great room with an optional fireplace. A powder room completes the second floor. The third floor includes the primary suite with dual walk-in closets and an optional boxed ceiling and dual vanities. Down the hall, you will find two secondary bedrooms and one full bathroom. A laundry closet is located just outside of the secondary bedrooms for ultimate convenience. There is an alternate third floor plan that offers a dual primary suite with a walk-in closet and en suite bathroom in lieu of the two secondary bedrooms.
